

The scatter plot displays the annual number of publications from 2000 to 2013. The x-axis is labeled 'Year' and ranges from 2000 to 2013. The y-axis is labeled 'Number of Publications' and ranges from 0 to 100. The data points show a relatively low and stable number of publications (mostly below 10) from 2000 to 2011. Starting in 2012, there is a significant increase, with the number of publications rising sharply to between 40 and 60 in 2012, and peaking at 60 in 2013. The data points for 2012 and 2013 are clustered together, indicating a high frequency of publications in those years.
