

The scatter plot displays the annual number of publications from 2000 to 2016. The x-axis is labeled with years from 2000 to 2016 in increments of 2. The y-axis represents the count of publications, with major grid lines at intervals of 10, ranging from 0 to 50. The data points are blue circles. The plot shows a period of low publication counts (mostly below 10) from 2000 to 2004. A notable increase occurs in 2005 (12 publications) and 2006 (14 publications). A significant spike is observed in 2008 (25 publications). The most prominent peak is in 2011, with 50 publications. Following 2011, the number of publications generally decreases, with a cluster of low counts (mostly below 5) from 2014 to 2016.
