

The scatter plot displays the annual number of publications from 2000 to 2013. The x-axis is labeled with years from 2000 to 2012 in increments of 2. The y-axis represents the count of publications, with major grid lines at intervals of 10, ranging from 0 to 100. The data points are blue circles. From 2000 to 2011, the number of publications remains very low, mostly below 10. Starting in 2012, there is a significant increase, with the number of publications rising to between 10 and 20. In 2013, the number of publications reaches its peak, with several points between 20 and 30, and one outlier near 40.
