

The scatter plot displays the annual number of publications from 2000 to 2013. The x-axis is labeled with years from 2000 to 2012 in increments of 2 years. The y-axis represents the number of publications, with major grid lines at intervals of 10, ranging from 0 to 100. The data points are blue circles. From 2000 to 2010, the number of publications remains very low, mostly below 10. Starting in 2011, there is a significant increase, with the number of publications rising to approximately 15 in 2011, 25 in 2012, and peaking at 30 in 2013. The data points for 2012 and 2013 are clustered together, indicating a high frequency of publications in those years.
