

The scatter plot displays the annual number of publications from 2000 to 2013. The x-axis is labeled with years from 2000 to 2012 in increments of 2. The y-axis represents the count of publications, with major grid lines every 10 units and minor grid lines every 2 units. The data points are blue circles. From 2000 to 2010, the number of publications remains very low, mostly below 2. Starting in 2011, there is a noticeable increase, with values rising to between 2 and 5. In 2012, the count reaches approximately 10. The year 2013 shows a significant spike, with the number of publications reaching approximately 25.
