

The scatter plot displays the annual number of publications from 2000 to 2013. The x-axis is labeled with years from 2000 to 2012 in increments of 2 years. The y-axis represents the count of publications, with major grid lines every 10 units from 0 to 100. The data points are blue dots. From 2000 to 2011, the number of publications remains very low, mostly below 10. Starting in 2012, there is a significant increase, with the number of publications rising to approximately 15 in 2012, 25 in 2013, and peaking at 35 in 2014. The data points for 2012, 2013, and 2014 are clustered together, showing a clear upward trend.
